Tadashi Yamamoto Memorial Fund

The Tadashi Yamamoto Memorial Fund was established to honor Yamamoto's life and legacy. Throughout his career, Tadashi Yamamoto made special efforts to involve young leaders and experts in international dialogue. The memorial fund carries on this mission by supporting JCIE activities that engage emerging leaders from politics, government, civil society, and other walks of life in the type of substantive policy dialogue that builds the foundations for greater international cooperation.

For information on how to contribute to the fund, please visit <http://www.jcie.org/yamamoto>
